

Price List Datasheet for item

Specifications:

Type:

Thermocouple	PT100	PT1000	Special as required
--------------	-------	--------	---------------------

Protection Type:

Double protection	Thermo well	Special as required
-------------------	-------------	---------------------

Thermocouple Type:

K	J	R	S	B	U	N	L	G	E	T
---	---	---	---	---	---	---	---	---	---	---

Material of external tube:	<input type="text"/>	Dimension:	<input type="text"/>
Material of internal tube:	<input type="text"/>	Dimension:	<input type="text"/>
Material of support tube:	<input type="text"/>	Dimension:	<input type="text"/>
Material of flange :	<input type="text"/>	Dimension:	<input type="text"/>

Head:

Head BZ	Head AZ	Head BUS	Special as required
---------	---------	----------	---------------------

Connection:

<input type="checkbox"/> Without Connection	<input type="checkbox"/> Connection Under Head	<input type="checkbox"/> Connection with nut	<input type="checkbox"/> Connection with flange
Thread size: N/A	Thread size:	Thread size:	Thread size:

<input type="checkbox"/> Special as required
Note:

Thermocouple element:

Sheath Material:	<input type="text"/>	Dimension:	<input type="text"/>
------------------	----------------------	------------	----------------------

Factory & Management:

Industrial Area No 8 – Block 5 - Part No 4
15 may city – Helwan - Egypt
Post Code No: 11747
P. O. Box: 10 Sadat – 15 May

Tel.: 02 / 29830017
Fax: 02 / 255 23 188
Mobile: 010 / 68802906
E- Mail: info@contec-eg.com

Insulation:

MgO	Ceramic, Dimension:	Special as required
-----	---------------------	---------------------

Thermocouple wire:

Single wire	Double wires
Dimension:	Dimension:

Hot Junction:

Grounded:

Yes	No
-----	----

Terminal Block:

Yes	No
-----	----

Material of terminal block:

Ceramic	Other	Note:
---------	-------	-------

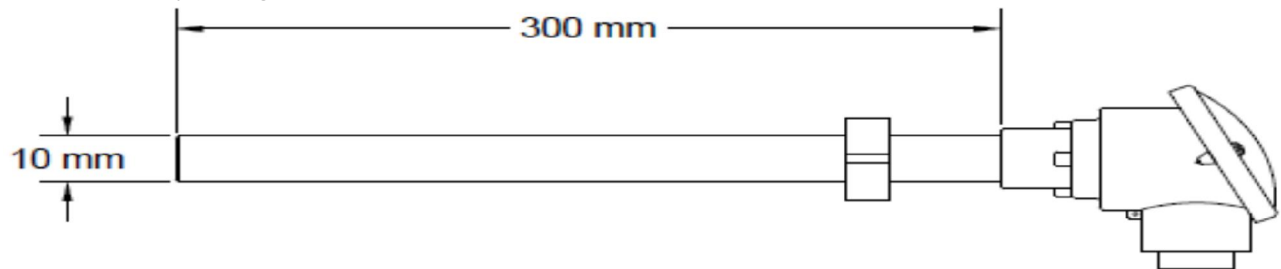

Terminals on terminal block:

2	3	4	Note:
---	---	---	-------

Loading Spring:

Yes	No
-----	----

Add thermocouple image with **dimensions and Code** here!!
