

## Music Folder Order Form

This year, we're trying a different approach to music folders. We're taking advance orders for August delivery. Choices will be the same as last year with a large size folder appropriate for band or string use and a smaller folder also appropriate for either. Folders will continue to be free to teachers and schools that do a reasonable amount of business with our store through rentals, and/or accessories, and repairs. Most of you should be able to figure out if you qualify. If you have a question, please email us to verify your status. Folders have gotten extremely expensive plus the shipping costs are increased with the higher fuel costs so we need to have the distribution make good business sense. Please order only what you anticipate needing. We will have a small supply for unanticipated needs but the bulk will need to be advance ordered to better fulfill your needs.

**Please email the following information and we will reply with a confirmation. If you do not receive a return email, we did not get your order!**

I would like to order the following free music folders:

Large \_\_\_\_\_(qty)

Small \_\_\_\_\_(qty)
