- GUARDIAN PROGRAM -**
This annual service program provides tri-annual visits to your home. Low volatile, environmentally responsible materials are strategically placed around your home intercepting early stages of infestation. A termite elimination system is installed for your home's protection. Program renewable annually. * Includes termites and additional pests listed below.
- T.I.P. TERMITE INDICATOR PROGRAM -**
As an enhancement to our current Home Pest Prevention Service (see below), J.P. McHale Pest Management, Inc. offers Termite Indicator Program (TIP). These stations are strategically installed and designed to indicate early stages of termite infestation - before they enter your home. * See list of pests included below.
- HOME PEST PREVENTION PROGRAM -**
This annual service program provides tri-annual visits to your home. Applications are timed such that they occur when the target pest is most vulnerable. This environmentally passive approach includes precise treatments in pertinent areas minimizing the need for broad applications within the house. Free emergency service is included at no additional cost, during normal working hours (M-F 8AM - 4 PM). Program is renewable annually. *See list of pests included below.
- OVERWINTERING INSECT MANAGEMENT SERVICE -**
This service, performed the last week in August through September (weather permitting) Targets overwintering critters such as cluster flies and certain species of beetles. An application is made to soffits, siding, window sills on the exterior portion of your home. Drifting is possible and will not be the responsibility of JP McHale Pest Management, Inc. to clean. This service is renewable annually.
- CUSTOMIZED PEST SUPPRESSION SERVICE -**
This service is tailor made to crash existing pest population levels below economically damaging and/or socially unacceptable thresholds. Service is rendered as needed for the next thirty days to remediate the existing problem.
