

Letter of Understanding for Acceptance

I understand that:

- I have submitted the required English Proficiency score documentation demonstrating that I have gained a score above the minimum requirements for admission.
- **Upon my arrival in America I must take the Drury Institutional TOEFL exam given during orientation** to confirm my submitted score in order to be placed in the level of courses that will match my English Proficiency.
- I must arrive early enough to prepare myself to the best of my ability for the TOEFL exam that Drury will administer.
- **If I do not make the minimum 480 on the institutional TOEFL exam, I must be prepared to attend an ELS Language Center** within the USA or go back to my country.
- If I stay in the USA without attending Drury University or an ELS Language Center I will automatically go “out of status” according to the Immigration regulations of the United States Government.
