**Required documents:** All candidates must submit, with the application form, the documents and forms indicated under the heading "Permit Application" in the OIQ's brochure entitled *Procedures for obtaining an engineering permit in Québec*. Information regarding admission requirements is available on the OIQ Web site ([www.oiq.qc.ca](http://www.oiq.qc.ca)). At this stage in the process, only the permit application fee must be paid, either by cheque or money order (Canadian funds).

## DECLARATION OF DISCIPLINARY OR JUDICIAL DECISION

Under section 45.2 of the *Professional Code*, a person must, in his application for a permit or to be entered on a roll, as the case may be, inform the Bureau that he is or has been the subject of:

- a decision of a Canadian court finding him guilty of a criminal offence;
- a decision of a foreign court finding him guilty of an offence which, if committed in Canada, could have led to criminal proceedings;
- a disciplinary decision, made in or outside Québec, restricting or suspending a right to exercise professional activities, revoking a permit to practice or imposing the striking off the roll of a professional order.

If such is the case, the Bureau may refuse to issue a permit or enter the applicant on the roll. The Bureau may also enter the applicant on the roll but restrict or suspend his right to engage in professional activities. To do so, the Bureau must determine if the criminal offence is related to the practice of the profession.

Are you or have you been the subject of a decision contemplated by section 45.2 of the *Professional Code*, namely a disciplinary decision or a decision by a court finding you guilty of a criminal offence for which you have not obtained a pardon?

If you answered yes to this question, we will contact you for additional information.

### ENGINEERING EXPERIENCE

Enter the names of your employers and a description of your work and responsibilities to the present date since graduating in engineering and starting full-time work. However, if you have held various jobs and the space is insufficient or if you have worked in engineering for more than five years, please enclose a detailed resume.

Date	

The personal information requested on this form is used by the Ordre des ingénieurs du Québec for supervising the practice of the profession. This information must be provided by everyone applying for a permit (or for registration on the membership roll of the OIQ, as appropriate), subject to refusal of the permit (or the registration on the roll, as appropriate).

Only the duly authorized personnel of the OIQ have access to the personal information provided by those applying for a permit (or for registration on the roll of Members of the OIQ, as appropriate). Except when the law provides otherwise or members have give a specific authorization, the information held by the OIQ may not be used for purposes other than supervision of the practice of the profession.

People may access their own record by appointment at the OIQ office at the address shown below. Where appropriate, members may invoke their right of rectification as provided by law by sending a written request to this effect to the person responsible for access to documents and the protection of personal information.

The address is:
