Theatre

Musical Theatre

Performance

Production and Design

Women's Studies*

* indicates minor only

**If Mac/Windows is not specified after your major –
Either platform is appropriate for your major.**

**The platform I want isn't recommended for my major --
I can't afford a computer for college --**

Two things to keep in mind:

- 1.) Macs have the ability to dual boot** (run Windows and Mac) – best of both worlds – extra software required
- 2.) You don't need a computer to be successful at SU**, all necessary software is available to use in the labs!
